

## Grade 7 Natural Science Worksheet

---

### Assessment Task: Rivers: vocabulary

#### River Vocabulary

Choose the term from the block below that best suits the definitions.

1. \_\_\_\_\_ flowing all year round
2. \_\_\_\_\_ branch of a river
3. \_\_\_\_\_ small rocks
4. \_\_\_\_\_ blockage to flow of a river
5. \_\_\_\_\_ the origin of a river
6. \_\_\_\_\_ river flowing fast over rocky area
7. \_\_\_\_\_ river flowing over a cliff
8. \_\_\_\_\_ mouth of river
9. \_\_\_\_\_ source of underground water
10. \_\_\_\_\_ channels at an estuary
11. \_\_\_\_\_ wearing away of rocky material
12. \_\_\_\_\_ found at delta
13. \_\_\_\_\_ body of water flowing over land into ocean
14. \_\_\_\_\_ small rivers

erosion	waterfall	delta
river	dam	streams
rapids	perennial	spring
tributary	source	estuary
sediment islands	pebbles	

[14 marks]

## Grade 7 Natural Science Worksheet

---

### Suggested Solutions

1. perennial flowing all year round
2. tributary branch of a river
3. pebbles small rocks
4. dam blockage to flow of a river
5. source the origin of a river
6. rapids river flowing fast over rocky area
7. waterfall river flowing over a cliff
8. estuary mouth of river
9. spring source of underground water
10. delta channels at an estuary
11. erosion wearing away of rocky material
12. sediment islands found at delta
13. river body of water flowing over land into ocean
14. streams small rivers

delta	waterfall	rapids
sediment islands	spring	source
erosion	tributary	pebbles
streams	dam	estuary
river	perennial
